Local law enforcement agencies have asked that we share this information with our Palos 118 families: Lock your vehicles when parked in driveways and on the street, and never leave keys in any of your cars.

Recently, thieves have taken many valuable articles from unlocked vehicles, and stolen cars with keys left in them. They also use garage door openers from unlocked cars to enter garages and homes, and steal cars in the commission of other crimes.

This is preventable simply by locking your cars at all times when not in use, concealing your valuables, and never leaving keys in your car. If you see something, say something by contacting the police.

Thank you Palos 118 families.
