Our **2020 North Pole Express** will look a little different this year. We've made a number of changes to create a safe and enjoyable experience for all participants. The North Pole journey will begin at the 143rd Street Metra station where guests will embark on three adventures! Drop off your letter, visit and get a socially distant picture with Santa; hop on the holiday trolley to take a trip around the North Pole community to view the spectacular holiday lights; and finally warm up by a bonfire and partake in outdoor North Pole games, activities and crafts. This event has outdoor elements and will take place rain, snow, cold or shine. Please dress accordingly for the weather.
