Q: My family is renting our home within the Palos 118 attendance boundaries. What do I bring to show proof of residency?

Q: My child and I are living with another district resident. What documentation is required to show proof of residency?

A: When a parent and student are living with another district resident, the resident must complete and have Form 760 E2 notarized. The parent **and** district resident must still provide proof of residency as identified above.

A. You should have all of your contact information such as cell phone numbers, work phone numbers, and email addresses. This information is needed for both parents. If parents do not reside in the same household, contact information is still needed for both parents. You should be prepared to provide any special health information such as allergies. In cases where a court order has been issued regarding custody/divorce and orders of protection, a copy should be provided to verify custody of the child. You will also need the birthdates of the child's brothers and sisters. Finally, you will be asked to provide the names, addresses, and phone (cell, land, and work) for three contact persons other than parents that you authorize to be contacted in an emergency and who can pick your child up from school if parents cannot be reached.

Q: When do I need to have my child's health information returned to school?

A: We require physical/immunization records for all incoming students by July 1. No child will be admitted on the first day of school without current, complete health records, and a certified birth certificate.
