

How to submit an application for free or reduced lunch. If you believe you are eligible for free/reduced lunch benefits, you will need to complete the online application. This item will not apply to all families. Depending on income and number of people in your household your student may be eligible to receive free or reduced priced lunch benefits through the National School Lunch Program. If you wish to apply for these benefits and have not previously received a letter stating your direct certification, you will need to submit an application. If you are not interested in receiving lunch benefits there is no need to do anything. Note that there will be an application in your application history. This application is automatically generated for the normal lunch pricing and can be ignored.

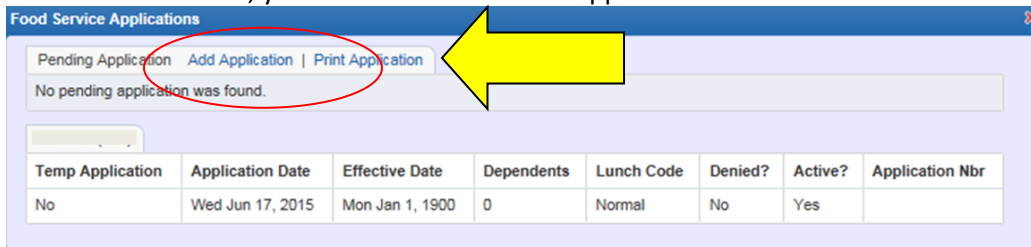

To submit an application, login into the Skyward Parent Access and Foodservice module the same as above. Once there, select any student on your account from the red text drop down menu near the top of the page.

Then you must click on the Applications tab. You cannot access an application from the All Student tab, you must select a student. Once an application is submitted for a student on your account it will apply to all students in your household.

On the next window, you will need to click Add Application.

Please read the directions and follow the online prompts to complete the application. Paper applications are also available at the Central Administration office at 8800 W 119th St., Palos Park.
